HIS STORY

Jaxxon James grew up in Long Beach, California and never really left the coast - even after he moved to Los Angeles, which is just Long Beach with better lighting and worse parking.

He's thirty-two, six foot two, lean, tasselled dyed blond with sparkling green eyes. The kind of person who glides into a room on the balls of his feet and makes it look effortless. Leather jacket or board shorts depending on the day. Both work. That's the thing about Jaxxon - most things work on him and he knows it without making it a personality.

His father died when he was young. That's where the music started - in the car, listening, enjoying the sound together, then alone, trying to fill the vast emptiness his hero left behind. He valet parks and waits tables in Los Angeles because that's what you do when the catalogue isn't out yet and the rent doesn't care about your timeline. He calls his mother often. He is a good son.

The music is VibePhysics - grunge and alt-rock with gritty rap vocals sitting on a baritone frame. Everclear's edge, Nickelback's hook, Radiohead's unease underneath it all. He plays guitar - acoustic and electric - and can play keys but won't unless pushed.

He writes what he witnesses. That's the whole method.

Jaxxon James is APRA AMCOS registered and released through Seeker James Publishing.

Can you see what they've done
Can you see it
Wuh wuh wuh aye aye aye
Can you feel it
Can you hear it

The wheel turned wrong
Those in charge
They never burn
Cold blooded brains
Driving the sleepwalkers insane
Sheep riding the cogs
Thinking they are demigods

Good and evil
Black or white
What you call it
Doesn't bloody matter
Right is right

Can you see what they've done
Can you see it
Wuh wuh wuh aye aye aye
Can you feel it
Can you hear it

Yeah yeah we have lost our touch
They say it's all a bit much
They can go to hell
Awaiting their dinner bell
Take off their blinders
The road is littered
Filth and refuse
Peppers their face

Can you see what they've done
Can you see it
Wuh wuh wuh aye aye aye
Can you feel it
Can you hear it

Whittled down
Enki's chosen
Are no longer frozen
The three percent
Are ready for war
To tear and thrash
To please the Gods
Awaiting their nod

No longer quiet
We stand tall
Valhalla opens its hall
Beautiful Valkyries
Take us to Odin

Can you hear it

002 DK Jaxxon James - From My Screams

Silently I sit here not knowing how to feel
Silently I sit here frozen in the ice of your heart
Damaged I sit here not knowing if I should kneel
Or flee be free from the chains of you

Silently I know I am lost the lie takes hold
Silently I know I was warned
God damn me and the choices I make
Lying back as I float in the foam of her wake

Can't you see I know the truth
Can't you see the hurt you are to me
Can't you see I know what you did
Can't you hear me when my ears
Bleed from my SCREAMS
Bleed from my SCREAMS

A tick sucking my soul
The missed step on my daily stroll
I drip from the fake tears you shed
Every time I see you
I inhale the smell from your bag of lies
Leaking from you like gasoline
Burning my eyes blinding me

Silently I knew I was never for you
Silently I knew I'd be broken by you

Can't you see I know the truth
Can't you see the hurt you are to me
Can't you see I know what you did
Can't you hear me when my ears
Bleed from my SCREAMS
Bleed from my SCREAMS
From my SCREAMS

Can't you see I know
Can't you see I know
Can't you see I know you make me
Bleed from my SCREAMS
Bleed from my SCREAMS
Bleed from my SCREAMS

I NEED to self delete
Bury my body in concrete
Cold hard slab can't be found
Six feet deep never a sound
Fluorescent buzz cannot sleep

Coffee's cold shift don't end
Crowd shoves in no one sees
Hand to the wall wait to fall
Sign the card nobody knows
Throat shut tight chest turns stone
Kill the screen end the test

Noise in head won't cease
Silence is the only peace
Cut the feed strip the wire
Let me drop hit the floor

I NEED to self delete
Bury my body in concrete
Cold hard slab can't be found
Six feet deep never a sound
I NEED to self delete
Bury my body in concrete
Clear the desk clear the head
I NEED to self delete

Screen black out will it glow
Silence is all I know
They walk by do they see
I fade out wasn't me
Leave the coat on the chair
Will they know I was there
Empty chair empty air
Do they care do they care

Fingers tap Counting the cost
Pockets empty sinking loss
Who are you
To tell me such lies
Just the
Buzzing of the flies
In the stink of what was

Promised me a wife
Mother to the blood
Disappeared for days
Left alone
Called no answer
Flat tone a cancer within

Fingers tap Counting the cost
Pockets empty sinking loss
Who are you
To tell me such lies
Just the
Buzzing of the flies
In the stink of what was

Dragged me into court
Fabricated crimes
Buying back my freedom
Stealing back my time
Ten times I took them
Ten times they returned
Judge shook his head
Paperwork burned

Signing off the name
Leaving me with my screams
It keeps coming at me
Closing out the file

Fingers tap Counting the cost
Pockets empty sinking loss
Who are you
To tell me such lies
Just the
Buzzing of the flies
In the stink of what was

I said I do—what a waste
Warrant in the mail
You burned the family down
But you forgot
I never lose
Because
I always win win win

Fingers tap Counting the cost
Pockets empty sinking loss
Who are you
To tell me such lies

The blood you drink is yours
I'm gone across the sea
Scars reminding me of the chaos
I HAVE SEEN

Greeting me at the door
As you always have before
What is different about today
Have you nothing left to say
Have you nothing left to say

I spent my day waiting on you
I spent my day thinking on you
I spent my day in a church
Making my peace watching love bitter disease
Stone and brick yellow and white
My body bent
My brow furrowed
My heart dented

As that door opened upon your face I saw
The look that gave the answer told me the truth
In the place where a man loses it all
In the place where a man throws to the wind
In the place where a man commits the sin
Asking that question
Is there anything I can say
Is there anything I can say

All I heard was her laugh she called me a tool
In my darkness I begged for a second chance
All I saw was A smile that didn't touch her eyes
In my despair I cried out what did I do
All I felt was the ice in my veins as I stared at my shoes
I have no place to stay that is all I could say
All I could say

One more night I was told
One more night I was given
So I would not have to sleep out in the cold
So I could start the day fresh figure out living
Without her
Without my kids
Without my things
Without me

On that next day
I went on my way
She gave me three bags
My things
Reduced to the jagged sting
Learning I am no longer king
Understanding I have no say
I have no say

I want you to know the real me
The demons that haunt me
I want you to feel me
When I reach out and need a hand
And I don't want to know anyone else
I can close that door on the rest
Can't you be there
To help me see
There's more to this world than just me

When I miss a step
When I fall out of line
When I just need a bit of time
You are the one that comes to mind
You are the one that knows who I am
You are the one that feeds my need
For knowing you
For knowing me

In the times that you are gone
I take the old steel to my flesh
Feeling the fight I run it tight
Trading my calm for the night
Watching the warmth start to pour
Waiting for you to walk through the door
The pain that I wear
The hurt that I have tears
Into my failed mind

A day in the night losing more
Out about looking to score
Girls or powder a drink or two
Never enough just a few

Pub to bar don't wanna go far
The further the song the more I'll take
The empty is long withdrawal shake
Don't wanna be me here with you
Fuel 'n the fire so much tired
Ohh hey hey

Count me count me count me found me
Count me count me count me found me
Count me count me count me found me
Count me count me count me

Dropping like flies one after another
Bodies on the sill rest hit the floor
Sticky paper getting its fill
Sittin' hittin' enjoying the snow
Watching the work downward flow

Count me count me count me found me
Count me count me count me found me
Count me count me count me found me
Count me count me count me

The further the song the more I'll take
The empty is long withdrawal shake
Don't wanna be me here with you
Fuel 'n the fire so much tired
Ohh hey hey

End of the run come n' gone
Time to take that seat
Write this song
Can't we do it one more time
The powder is fresh but the line is short

Count me count me count me found me
Count me count me count me found me
Count me count me count me found me
Count me count me count me

Pub to bar don't wanna go far

The empty is long withdrawal shake
Don't wanna be me here with you
Fuel 'n the fire so much tired

Freedom come freedom gone
Freedom come freedom gone
Freedom come freedom gone
Let me
Let me
Just write this miserable song
Of days gone by
A lifetime I had
When I was young
When I was glad

Oh ah whoa it's time let's go mmm ah ha ha
Set it up hit that score
Get into it let's find the hook
Find that feel good get tore
Ah ohhh ladies let's cook

Found the man with the cough
Brought my cash he counted slow
Laid it down walked out with the glow
Got the powder feel it go
Card out flat dice it tight don't bend
Cut it clean take it now again
Not gonna lie it feels too fuckin' good
Feels too fuckin' good — I'm this high

I'm sittin' high
Ladies on my lap
So good I might cry
Laughin' too hard
Feel I'm gonna die
Oh oh I got my high
Yeah yeah let's fly
Oh oh I got my high

Rollin' round too much fun
In my arms feeling my charms
Don't want it to end
Whoa oh oh baby no no let's go
Told me you wanted more
Fold my bill hit that core
Nights runnin' long
All this ain't enough
Clothes drop down oh yeah
Babe I see you bite that lip when the bass drops low

Can't tell me what I did
To deserve this
To deserve you
Loving you
Feeling you
Having you

I don't know what to do
I'm stuck with you
I don't know what to do
I'm lost without you
I don't know why you do what you do
I'm trapped under the weight
The weight that is you

Where am I
Where are you
In my minds eye
Don't know where
I'm gonna be
A time
A place
I long to feel your lips
Upon my ear
A tickle that sears

Once again
I'm Feeling the heat
I know it's from you
I'm under you inside you
I know I do it for you
I'm obsessing the caress
I know there's nothing like you

A crushing blow you'll never know
In my mind you are already gone
A waiting game taking its toll
In my soul burning embers smoking coal

You cannot leave me
You cannot have me
You do not deserve me
You have lost me

I'm the loser playing out my hand
All I held was deuces in the sand
Just another loss I can't explain
Seething quietly inside the rain
No one's watching no one sees the face
Of the guy who lost the human race

Where was I when the luck was given
I was busy getting fucked by living
Got the kick instead of the reward
Cut the line and severed up the cord
I'm just a loser I'm that guy
Looking at the vast and empty sky
Where the bugs write my name in the dirt
Waiting for the pain to do its work

Floating on cotton
Waiting for the clouds to darken
That drenching rain it'll come
So all that's white is gone

Just a loser
Yeah just a loser
I want you to see me
The guy who tried
Living that great big lie
Never getting what I want
'Til the day I die
Yeah the day I die

Never good enough to call your bluff
Not for you Not for them
Just a glitch inside the system stem
One day there'll be a time when a hole gets dug
One day there'll be a time when I'm gone
And that fear of being a loser I'll no longer bear
Just me and the bugs down there

Just the bugs
Eatin' the taste
Of the loser I once was
I was a loser
I was a loser

Just a loser
Yeah just a loser
Just a loser
Yeah just a loser

Mmmm hmmmm
Yes I was
I was a loser

HIS STORY

Before the music, there was a career that looked nothing like music boardrooms, balance sheets, staff rosters stretching across hundreds of people. Seeker James spent years operating at an executive level across retail, technology, and banking; the kind of work that teaches you how systems fail, how people actually behave under pressure, and how to make a decision and live with it good or bad

none of that is wasted. Every...single...bit of it shows in the details of the works he creates, the actions he takes to move Seeker James Publishing forward. At some point the calculus changed. Taking those difficult steps away from the desk, he took aim towards a different kind of output, one where life experience is the measure of everything gained and lost.
"The hardest working years of my life, and the easiest thing I have ever done."
That is not a contradiction

this is what happens when a person finally lands at the right port on this journey called "life". Seeker James writes, produces, and publishes from Australia operating under his own label, Seeker James Publishing

with a catalogue that currently spans eight distinct artist vessels, each with its own genre, psychological architecture, and lyrical identity: Stone James, Amelia James, Scary Harry, Harry James, Cole Hardin, Jaxxon James, Marla O'Leery, and VICE. Different voices, one sculptor behind all of them. The personal architecture matters too. A long time ago, when he was still living in the United States, Seeker decided he needed to go on a side quest half a world away. Little did he know at that time it would become his main quest. He went looking for a girl he had met previously. Once he found her he asked that she be his wife, his lore keeper, and his partner in every experience life offered. Seraphim James holds the canon. Her read on creative decisions carries weight. When she says something is good, it is great. When she says something's off, it goes back to the desk.The work being made now is for what comes next

because that is where this was always headed. Every new technology meets its backlash, and this is no different, it passes, it changes into something new. What remains is the work itself: registered, locked, dated, and open. No secrets here. No shortcuts hidden behind the curtain. Just a methodology built with conviction, and a body of work that uses his self-coined terminology "Neural Rupture Syntax" that will still be standing long and strong when the noise settles.
Seeker James is Witness Architecture incarnate.
